Bust Gun: The Locker Room (Bimbo Magic Book 1)

Synopsis

He couldn't believe it. Just like that, he'd transformed her into a bimbo babe...Roderick is your average loserâ€”picked on by jocks, hated by his snobby ex-girlfriend, and ignored by hot women everywhere. Then, he finds the Bust Gun, and everything changes for the better. Just one shot is all it takes to make a beautiful woman into his eager, erotic, fertile servant girl. Women transform from beautiful coeds to mind-blowingly hot, obedient nymphos, complete with overflowing cups full of delicious cream. With the Bust Gun in hand, Roderick can make all his dreams come trueâ€”including the one that involves making his arrogant virgin ex apologize to him for never sleeping with him. Heâ€™ll even make her begâ€”if only he could figure out how to reload the darn gunâ€”

OH My! You will need a triple decker fan to cool off after reading this gem of a story. Roderick is just an average guy who doesnâ€™t have much luck with the ladies until one day after being stuck in the locker at the college gym. He comes across this weird looking supposed toy gun. That is when his

whole life changes and things take an erotic, passionate and life changing turn for him and the women he comes into contact with. The story has this way of drawing you in- the women he has the interactions with, Betty, April, and Wanda. Their body transformationsâ™ after being sprayed by the gun is completely insane and when Roderick himself changes-Oh wow! He totally becomes the Master/Daddy of these ladies. The situations change for each woman and who is his favorite. What he wants out of each of them changes by the end of the story and what ended up happening to the gun is another story for another time which means bring on book 2. I thoroughly enjoyed this book and all the situations that were presented. I cannot wait to read book 2 with Roderick and his ladies. My rating: 4.8 stars ***** **I was given an ARC by the author in exchange for an honest review***

I got this as an ARC....the transformation gun idea is seen in loads of erotic sci fi. Was a good quick read, would have liked to see a bit more variation in the body transformation's while big boobed bimbos r fun (try saying it 3 times quickly...) some more creative transformations would have been nice....

When you have your average-in-every-way guy placed in an extraordinary situation the results can be surprising. Roderick finds himself stuck in a locker, being put there by the biggest bully in the school â€˜ Chance Carter. But this situation creates an opportunity for him which he could not have anticipated. He finds a toy gun of some sorts but quickly understands that there is more to it. Betty is his first girl â€˜ more or less by accident, she found him in the locker room and he got a chance to find out what the gun really does â€˜ creating hot bimbo slaves worshipping him as their Master. The situation quickly escalates and Roderick has a chance to claim a second slave, even hotter than his first. The gun changes him as well as it does his hot little slaves and he wants more of it. The story is incredibly hot and intense, an absolute must read, it will keep you reading and wanting more and more.

I received this book in exchange of an honest review. This book is really hot and the story line is actually different than her recent book. There is no dilemma about right and wrongs (at least not for long) and the sex scenes are steamy hot. The main character finds a plastic gun in the locker in which he was locked in by some jocks. He uses it on the first person that enters the locker room. He soon figures out that it turns women into bimbos. But the only pro or is that this guy is not even close to be considered as hot. But after using the gun a second time against his new bimbo, t

actually turns him into a stud. This is the moment where he loses all senses of right and wrong. Next girl to be "gunned" is the girlfriend of the jock that locked him into that locker. How can you have fun and get revenge at the same time?? Turn her into your bimbo slut. It was a really hot read and I recommend it if this is what you are looking for ;)

Loser finds a magic gun that can change normal girls into bimbo sex slaves. Unlike some of this author's other works, there aren't a lot of original ideas here, except for the nature of the ammunition to recharge the gun. After the protagonist has collected a harem of three girls, the gun disappears, apparently moving on to appear before another loser. This is an amusing quick read recommended for those enjoying male dominant erotica. (I received a free advance copy for an objective review.)

Very Hot. Similar plot to some of the recent Nadia Nightside books. Geek / not pick of the litter / bullied male finds a miraculous device that when used on average women who do not like him turns them into incredibly hot and horny women who just want him. He gets more than enough hot sex from the women and they become his servants / sex slaves. And of course they have incredible busts with easily erected nipples that give him all the cream he wants.

This was a great, quick, and fun read. The average in every way guy becomes a hunky alpha male while turning already beautiful women into drop dead gorgeous bimbos. Another hot and steamy read from the mind of Nadia Nightside! I'm looking forward to seeing what's next.* I received a copy of this book in exchange for my honest review *Thoughts and opinions expressed are mine and mine alone.

Exceptionally hot read. Unlike her more recent works this is a self contained story with, what I imagine, a magic gun and the central thread of the series so you will get you will get Rodricks full story. Like her other stories it's full of busty bimbos ready to do their master's bidding and carry his babies. You will love this story if you enjoy other Nadia Nightside stories. Get ready for a great ride.
