## Customer Reviews

This book had me laughing. Kilo really need to sit his ass down somewhere and get his life. He was so full of himself that he didn't think about his actions and why no one wanted to deal with him and continue to put with his bull\*\*\*\* Kilo met his match though. Nicolette has a temper. However after all that she has been through with Kilo I understand why. Regina was silly acting. I don't blame Nicolette for what she had done to her. Regina allowed a man to cloud her judgement, but she was wrong. Candace call Nicolette her best friend but yet she's keeping a secret from her.

I just literally finished this book in three hours and I can't wait to read part three it had my attention from the beginning couldn't put it down poor Regina I hope she gets a happy ending Nikki is crazy but I like crazy and that damn keilo was a dog

Hilarious yet so accurate ... I enjoy Deidra's fascinating approach as she captures my interest from beginning to end. Her books are "Must Read" and keeps you questioning, while you are on-demand for the next. She definitely did not disappoint me at all! Anthony D. Wood's *Velvet Tears: Breaking the Silence*
