Customer Reviews

Stephen King meets The Abyss meets Deep Blue Sea in this excellent book written by Martin Morris. Trying to survive on the deck of a hostile oil rig is difficult at the best of times especially for our protagonists, add a gigantic deep sea monster hell bent on killing everyone and your going to want your payday bonus. Dan, Steve and Janice must survive the crew the elements and gigantic

kickass alien, squid man eating beast. Stranded on a sinking oil rig they must work together to try and survive against the impending doom that is unveiling before them. This is a claustrophobic suspenseful book which amps up the tension from page one. A pace picks up from chapter to chapter until you can't put the book down. How can they survive? will they survive? with a few twists and turns along the way you will love this brilliant book. I cannot tell you much more without giving away Spoilers. Check out the writer on Twitter he is pretty cool as well @redorcno9

A crew on an oil rig. A creature from the deep on the hunt. Martin Morris has created a creature fit for nightmares. I read this from cover to cover in one sitting. Believable characters, and action from the beginning right through to an ending that I was not expecting this descriptive tale has all the markings of a Sci-fi movie. Martin Morris is not afraid to play around with his hero. A great debut by a brilliant storyteller.

I was privileged to read this book as the author wrote. Martin is a gripping writer and his agrushell is fascinating and original. I hope other books come as a result of the agrushell who seems to have an almost human brain! I could not stop reading and always wanted more! Irene Burkett.

Read this over 2 days - couldn't put it down. Must have been a challenge to give an idea of how big in scale everything is in the story (I'm trying to avoid spoilers here), but Martin achieves this and never lets the pace drop. This is a cracking read

Hello, this story was okay. The monster or alien, whatever the hell it was, was pretty good. Something new and different. The rest of it was just a little flat. Thanks.
