# FRANKENSTEIN Or The Modern Prometheus (The Revised 1831 Edition - Wisehouse Classics)

## Synopsis

This is the Revised 1831 Edition of *FRANKENSTEIN; OR, THE MODERN PROMETHEUS*, a novel written by the English author Mary Wollstonecraft Shelley about the young science student Victor Frankenstein, who creates a grotesque but sentient creature in an unorthodox scientific experiment. Shelley started writing the story when she was eighteen, and the novel was published when she was twenty. The first edition was published anonymously in London in 1818. Shelley's name appears on the second edition, published in France in 1823. Shelley had travelled through Europe in 1814, journeying along the river Rhine in Germany with a stop in Gernsheim which is just 17 km away from Frankenstein Castle, where, two centuries before, an alchemist was engaged in experiments. Later, she travelled in the region of Geneva (Switzerland)-where much of the story takes place-and the topic of galvanism and other similar occult ideas were themes of conversation among her companions, particularly her lover and future husband, Percy Shelley. Mary, Percy, Lord Byron, and John Polidori decided to have a competition to see who could write the best horror story. After thinking for days, Shelley dreamt about a scientist who created life and was horrified by what he had made; her dream later evolved into the novel's story. Shelley completed her writing in May 1817, and *Frankenstein; or, The Modern Prometheus* was first published on 11 March 1818 by the small London publishing house of Lackington, Hughes, Harding, Mavor, & Jones. The second edition of *Frankenstein* was published on 11 August 1822 in two volumes (by G. and W. B. Whittaker) following the success of the stage play *Presumption; or, the Fate of Frankenstein* by Richard Brinsley Peake; this edition credited Mary Shelley as the author. On 31 October 1831, the first "popular" edition in one volume appeared, published by Henry Colburn & Richard Bentley. This edition was heavily revised by Mary Shelley, partially because of pressure to make the story more conservative, and included a new, longer preface by her, presenting a somewhat embellished version of the genesis of the story. This edition tends to be the one most widely read now, although editions containing the original 1818 text are still published. Many scholars prefer the 1818 text, arguing that it preserves the spirit of Shelley's original publication.

## Book Information

Paperback: 144 pages

Publisher: Wisehouse Classics; Revised 1831 edition (November 19, 2015)

Language: English

ISBN-10: 9176370712

ISBN-13: 978-9176370711

Product Dimensions: 6 x 0.3 x 9 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (1,859 customer reviews)

Best Sellers Rank: #229,646 in Books (See Top 100 in Books) #68 in [Books > Literature & Fiction > Dramas & Plays > Women Authors](#) #3217 in [Books > Textbooks > Humanities > Literature](#)

## Customer Reviews

Much like Bram Stoker's "Dracula", Mary Shelley's "Frankenstein" is a story we all think we know, but really don't. Very few films have consciously attempted to follow the novel too closely (which shouldn't detract from the excellent James Whale/Boris Karloff film, or its masterpiece-sequel, "The Bride of Frankenstein). Thus, everything popular culture "knows" about "Frankenstein" does not originate from literature, but from films. This is a shame, in a way, because the novel itself is, if not the progenitor, an early vessel of so many archetypes found science fiction and horror. The basic plot remained intact when transferred to other media. Swiss medical student Victor Frankenstein discovers the secret of life (which he never reveals, lest someone repeat the mistake). He then puts together a body, essentially a man, from various corpses. He then becomes horrified by the creature he has built, and abandons. The creature, suffering a great deal of neglect and abuse, still manages to get a thorough education, and learns of his lineage. After murdering Victor's younger brother, and framing the family maid, the creature tells his (admittedly) sad tale to his "father", and then demands a mate. Victor, in a panic, agrees, then thinks better of it at the last moment, destroying the new bride. In retaliation, the creature murders all of Victor's loved ones (including his wife), and leads Victor on a merry chase across the world. Most probably know that Mary Shelley wrote this book in response to a challenge issued by Lord Byron, during a vacation at Lake Geneva. (Along with this story came John Polidori's "The Vampyre", the first English vampire novel.) Most probably also know that Shelley went on to write other works of imaginative gothic fiction.
