Beyond Tonight: The Complete Alpha Billionaire Romance Series Box Set

Synopsis

The complete series of Beyond Tonight, Hollywood Dreams, a six novel Alpha Billionaire Romance by CJ Thomas. Billionaire Wesley Reid is here to boss me now. The question is â Do I want to do it missionary, or be tied up? My boyfriend said we were finished and told me to hit the road. So I packed up and moved to L.A. The place where dreams are made. That was where I met himâ billionaire businessman, Wesley Reid. Sexy and charming, he had me seeing stars at first sight. His dominant side quickly became apparent when he asked me to humiliate a famous movie star in front of hundreds. And I forgot everything I promised myself I wouldnât do when he touched me for the first time. I couldnât push him out of my mind. So when he took me out of squalor and into his life of luxury, I wanted him even more. But I had to get him to see me as more than just a quick lay. And his best friend had just the thing to make that happen. I did the unthinkable. I agreed to work for him. Now, not only did he keep me blindfolded and bound inside the bedroom, but he bossed me at work, too. We walked the slippery slope between pleasure and pain, pushing each other beyond what we thought was possible. But maybe I did push him too far and we were done for good. So when my ex wanted me back, I had to consider the possibility of having already lost Wes, the love of my life, forever. I had two choices: On my back or blindfolded. With the one I was screwed. The other, I was f**ked.

Customer Reviews

I came across these books by chance. I spent three days not being able to put them down, except to sleep and even then I couldn't wait to wake up to read more! An epic tale of fast paced romance, with a side of what hell where did that come from! I thought at one point I was going insane because I was sure of things that never came to pass(thank heavens). A great read!

Took way too long to get to the monkey. The first page made me want to start skimming. The beginning was a mess. That bar scene in the beginning just made me think Kami was scum. I understand those people exist but I don't want them to be the main character. They should be the lesson the main character learns from or the main conflict. If that dude in the bar was creepy to you then be thankful you never actually met anyone creepy.

A really interesting and different series. The characters were great. The story was great. The writing was great. A sexy read with lots of action and intrigue. Didn't want to put it down.

For the most part I enjoyed reading this book. It has romance, mystery and bdsm. Scene changes were sometimes abrupt and confusing but overall I liked it.

I honestly loved loved loved loved this book. I only have one question.....will the story continue for Wes and Kami?
