Synopsis

****From USA Today Bestseller, MJ Fields****Brand new release, RAISING STEEL, Momma Joe's story is included in this box set. The series has over 900 5 star reviews Men of Steel Tattooed, pierced, alpha, New Jersey brothers Jase, Cyrus, Zandor, and Xavier Steel work side by side at their families tattoo shop Forever Steel. These sexy and confident young men vow to never fall in love. They show no restraint when it comes to living life the way they want, and enjoy the simple pleasures in abundance. They have an unbreakable family bond and stand by each other through thick and thin. Forever Steel, baby. Meet Jase Steel, a twenty-two-year-old hot-as-hell, tattooed, and pierced bad boy, who doesn't care what you or anyone else thinks of him. But Jase's wild ways and "who gives a f" attitude is about to change. He can't seem to get the beautifully innocent, blonde college girl out of his head. So what she's the cousin of a friend who does not approve? Jase has never exercised self-control when it came to getting a woman, and he wasn't going to start now. After tricking Carly into "fake dating," it turns out the joke's on him, as Jase falls hard and fast for her. But as painful secrets from his past come to light, Jase will have to man up and bare it all to Carly, even if the ugly truth could tare them apart forever. Meet Cyrus, the oldest of the Steel brothers. He's strong, independent, and damaged. But don't feel sorry for him, Cyrus likes his life just the way it is. No rules, no commitments, and no more than 3 times with the same woman. Until Tara. A child of the foster care system who can't remember ever being loved or feeling safe, Tara brings out the protective alpha male in Cyrus. And as much as he hates to admit it, something else. Something he wishes he didn't feel. Something that could weaken his resolve. As they spend more time together, Cyrus's three-times-only-with-no-strings rule disintegrates. But Cyrus hates being vulnerable. He hates feeling weak. And so he does what any red-blooded man afraid of commitment does, he lets Tara slip through his fingers, rather than let her all the way in. But with him, Tara is a fighter, and she's not about to give up. Meet Zandor Steel. He's spent the past year in Italy acting out just about every sexual fantasy he could dream up. But it wasn't all fun and games. Zandor was there to oversee construction on a posh casino resort playground for the rich and famous. But rumors of trouble with this brothers has him worried, and Zandor heads home to help out. It's the least he can do. Jase and Cyrus had been Zandor's mentors. When it came to women, they taught him to avoid attachments and to know the difference between lust and love. So when word of at least one of his brothers being ready to settle down arrives, Zandor hopes he can talk some sense into him before it's too late. Until he runs smack into resistance. Southern Bell, Bekah George may just be the match Zandor has been looking for in the bedroom. She's neither intimidated by, nor afraid of his preferences. But as he starts to let his guard down, and consider the possibility of there

being more to life than mind-blowing, non-committal sex, Bekah reveals a side of herself Zandor doesn't want to see. Was he right to avoid entanglements, or has he already fallen too hard to let her go? Meet Xavier Steel Twenty-three-year-old Xavier Steel is his own man, despite what his brothers and Momma Joe think. He turns away from the family business and heads to New Jersey to start a production company. Xavier plans to follow his true life's passion and make a living playing and creating music. Taelyn Patrick takes a grueling job in order to make extra money to help her fiancé Daniel through medical school. Besides, how hard can it be to help a spoiled rich kid throw his money down the drain?

Customer Reviews

I rated the books in this series either 4, 4.5, or 5 stars. Overall I adored this series and never want it to end! Forever Steel: This was a great introduction to the Men of Steel series, the guys and their family, and just the right amount of steam! Jase: Jase is the story of Carly and Jase. He is a hot as hell, tattooed and pierced, bad boy Italian from Jersey. She is a gorgeous, blond college student from California. They meet through her cousin, his friend, and sparks fly instantly. What ensues is a very entertaining and hot love story, with a few tears mixed in. Parts of it were quite a roller coaster ride, perhaps a bit too long of a ride, but overall I thoroughly enjoyed this book. Jase and Carly:

Summer Lovin': Jase and Carly: Summer Lovin' continues their story. It is sweet, sexy, and funny...a very good, short read! Cyrus: One love story. Two amazing characters. Book Three in the series! Five stars! I am totally smitten with Cyrus. I love this story and did not want it to end. I have to say usually a heroine that is dependent on the hero turns me off of a book, but the way MJ Fields presented Tara and wove her into the story line, I loved her! This was one amazing read...sweet, sexy...oh so hot...and funny at times (full on belly laughs). I loved this story, and the ending, but was sad to see it end! Zander: I love the story of Zander and Bekah almost as much as Tara and Cyrus' story. It is a hot, fiery, and sweet love story. Their love story happens over a short period of time, but when you know you just know. You know? The ending was a little foreboding, and has me wondering what is to yet come. A solid 4 stars, possibly 4.5 stars!

An Anthology you will Not Want To Miss. MJ Fields gives you all The Steel Men, The Woman That Love Them and The Woman That Started It All Momma Joe. You get the beginning that started it all Jase & Carly and the amazing story of their relationship and the emotional rollercoaster that brought it all together. Then we meet Cyrus Steel personally my favorite and all the struggles he has gone through in his life but when he meets his "Birdie" things start to become a lot clearer that maybe two people who have gone through so much in their life will finally find the happiness that they both truly deserve. Then there is Zander Steel one very Kinky loving Alpha Male that will most definitely have you thinking naughty thoughts but when he meets his "Kitten" his life most definitely takes a turn for the better and knowing that he might have found equal in life you want to see them get through whatever life throws at them and to be happy. What can I say about the Youngest Steel Xavier. He is the most stubborn of the four. A man who wants to find his own way and who wants to do it without the help of his brothers. Little do we know that it would be his Momma who finds that one person to help him along the way and her name is Taelyn "Irish" Patrick. Feisty should be her middle name she most definitely is Xavier's partner in business and life and the road to get there is an up and down one but one you most definitely want to be on with them and watch how they become one amazing couple. What can I say about Momma Joe the Amazing Woman behind these four amazing men. She has raised these boys to become the men you see today after tragedy strikes she steps up and can only be the strongest she knows how.
