## Customer Reviews

I really enjoyed this book. But enough already with the short stories. This book was entirely too short. I certainly hope the whole novel is going to be released soon. I like that we're able to get to know Carter Diamond as I've been curious about him since the 1st Cartel book. I've no doubt that Ashley & JaQuavis will give us what we expect with this next book. Just don't make us wait too long. I'm already pissed that we're being made to wait until 10/2013 for the release of Cartel 5 La'Bella Mafia. Like 'SERIOUSLY'?? But wait we must. Until then..

I loved it now I'm all hyped waiting for the next book!!!! I'm on the edge of my seat!! Great job!!

This book did not disappoint... It left off where the other story ended and has me wanting more!!!!  
Ashley and JaQuavis never disappoint

I am absolutely in love with the Cartel series and this was right up my alley. I read Carter Diamond and I was satisfied with that tease... But this Carter Diamond 2 just wasn't long enough! Now i'm waiting on the full book... The agony!!! But if you like The Cartel's please make sure to read this short series... It will not disappoint!

The book held my attention also if you read the carter series this book will answer a lot of question. Yes this is a short story but well worth it. There will be a full carter book coming out. Can't wait for that. It's a simple and quick read. I love a and j and no I cannot loan you the damn book or my account buy the book ! Support them !

It was so good Carter always prove me right I figure that Loso set Sam up and knew that the beef started the drama wit Ma'Tee when kidnapping Breeze in the Cartel but that was years ago but I can't wait til the novel come out

I enjoyed the book I read it right after reading part 1.....I'm happy that I can actually put some of the missing pieces together from The Cartel about Carter,Polo,Estes,Taryn and Carter Jr. Mom Tonya.....It was short jus like part one but im glad I read it cant wait for Part 3....they need to stop playing and just release a novel and give the fans what they want....but all and all If your a fan of the Cartel Series it's only right that you read about the man who started the Cartel!!!!

The digital version has a lot of errors in it. Misspelled words and repeating chapters. The story keeps you wanting to know what happens next. So I have to finish the entire series More twist and turns than a rollercoaster
