Wicked Bond: The Wicked Horse Series

Synopsis

Bridger Payne is an enigma that no one can figure out. Wise beyond his years, eerily intuitive and sexy as hell, every woman in The Silo wants him. None can have him. Not the real man, anyway. He might wield the lash for you if you ask prettily, but he'll get no gratification from it. He'll definitely make you scream, but he won't think twice about you when he walks away. Bridger carries the darkest of secrets. He's filled with too much pain. He's utterly untouchable. Until she came along.

Customer Reviews

Let me just say, that I would be lying if I told you that I wasn't dying to read Wicked Bond. I have loved the Wicked Horse series and in each book Bridger Payne was the relationship and sexual sensei. There were hints that when his story his story was told, it would be nothing short of powerful and Sawyer Bennett has given us a book that is all that and more. With every page turn, I felt grafted to not only my seat, but to my device as this story unfolded, all the while my pulse was racing in anticipation of how it would all turn out. Spoiler alert - It was FAMAZING. PSA -- if you haven't read the Wicked Horse series, you are missing out on five hot and dirty books with a cast of characters that you will want to smuggle home. Though, while the sex is filthy good, its the

relationships that keep you coming back. There are strong foundations of love, trust and honesty that serve to remind us that there is zero shame in acting on your needs and desires when these elements are present. It is demonstrated again and again in the most dazzling fashion. If they aren't there already, these books MUST be on your TBR. As they say, "those who can't, teach." Truer words were never spoken when it comes to Bridger. He is "The Man" with the open ears and wise words who has given counsel and more to each of his friends, as well as their respective partners. All the while guarding his heart behind walls of granite that he has built to keep himself safe and he believes others safer. I don't think I was quite prepared for just how invested I was in learning Bridger's story and the pure emotion I felt as it all came to light. In the end, I couldn't have loved him more.

Bridger Payne..you are officially my favorite Wicked Horse character!!!! It is a bittersweet feeling to say goodbye to the Wicked Horse Series but Sawyer Bennett has truly worked her sex, love, magic ways as we bid adieu to the Silo and Wicked Horse cast with one unforgettable book. Bridger | he makes me think of sex in a completely different way. Not as a tool or even a burden, but in a way that makes me think it can be sensual, decadent, and mutually satisfying. A foreign concept for sure, but I still fantasize about it anyway. There is a saying, save the best for last and that's what Sawyer Bennett did. Wicked Bond was a sexy suspenseful read that was layered with a multifaceted of raw emotions. This book was gritty. It was intoxicating. It was wicked. It was erotic. But most importantly, it was consuming. If you are familiar with the previous books of this series, then you are all aware that the series centers mostly on sex, kink, and sexual exploration. Yes, Wicked Bond has sizzling erotic scenes but it was more on the soft and tame side compared to the previous books. Bridger Payne has always been the character that I was so curious about ever since we were introduced to his character in the first book. I wanted to know who really is Bridger Payne and why Sawyer saved him for last. Bridger Payne is a complex and enigmatic character. He doesn't say much and yet you are drawn to his raw brooding personality. His domineering and sexual presence demands our attention and boy oh boy did he have my full attention. After a night working at the Silo, Bridger comes home to relax and forget his past but is interrupted when an acquaintance drops off a brutally battered young woman at his doorstep.
