All The Things I Never Said

All The Things
I Never Said

[mk]
Mae Krell

Synopsis

All The Things I Never Said is a collection of poetry and journal-like entries. Throughout the pages you will experience heartbreak, delight, sadness, and be reminded of what it was like to be a teenager.

Customer Reviews

Just not what I expected, but still yet a good book. It lets you in to the authors mind set, and her outlook on the world and different situations she goes through, some I can definitely relate to. I dig it.

Honestly. I didn't think I would enjoy that, but boy was I wrong! I found myself connecting with so many things said and it broke my heart knowing so many people face the pain and emotions that overwhelm me. If you like short poems, especially if they don't rhyme, give this book a try. I finished it less than 20 minutes and I am completely satisfied.

When I opened this book and realized it has been written by a 14 year old I was excited to see that someone so young has been published, but my standards for the poems weren't set too high. I expected the poems to have originality and passion but it felt like she was just taking whatever she

looked at and started writing it down. Some poems are pretty good though, I'll give her that. It's a pretty short book also, so I wouldn't get it if you're expecting a long term book to take on a trip or something.

I've already read this book over 5 times. There is a poem for every emotion and feeling. Mae is so talented and I look up to her so much as a teenager myself. I find that this book really explains what I can't even put into words myself.

I had high hopes for this book, even after reading mixed reviews. I gave it the benefit of the doubt, but I was disappointed after the first couple of pages. I didn't even finish the book. It lacked depth, meaning, and didn't really evoke any emotion, except boredom, though a handful of stanzas and poems were insightful--not much really stood out.

It is a good book love it so far !! ^ I just don't like how part of the top of my book was bent when I received it and it's a white book and white easily tends to get dirty faster my book had some dirty marks on it it's not super noticeable like dark but you can still see the dirt stains on it ^i ^•

I love the style of poetry, it's becoming more and more common. But when I read poetry I want something to stick to me, make me think, make me take a step back and sure it with the world because it's beautiful. I didn't get that personal feeling with this book.

The way it makes you think twice about how deep the words she is writing are what made pick this up and never put it down. I would recommend this to anyone who is troubled in their own way and would like some advice.
