#### **Customer Reviews**

I have been read all the books that are out for this series and I am sooo hooked. I love all the characters. The only complaint I have is no matter how long the story is I think it is too short. I love

Kel Ex. This author has a great talent for showing you the story. I can see these characters in my mind like a movie instead of seeing the words on the page. I know when I have seen other review thru my time reading books from some talk about the grammar and editing. I am not a lot major so if there are any the stories are so good I haven't noticed them. Thank you for sharing your stories and talent.

I am never disappointed when I read Kelex. The Bear Mountain series is one of my favorites and this book reminded me why. With the introduction of new characters and cameos by ones I already love, I am hooked. I can't wait to meet more out the norm characters. Wish I could move to Bear Mountain and hang out with these guys!

Magic, triads and hot sex. What could be better. Well, I would prefer a longer book, but besides that I love bear mountain. Though I think it might need to be renamed.
