Daylight Dims: Volume One

Synopsis

Darkness descends when Daylight Dims. This book features thirteen stories that cross the genres of surreal horror, dark fantasy, and heart pounding dread. This debut horror anthology is guaranteed to twist your perception. From the common, comfortable tropes, to the more taboo, these handpicked tales have a literary aspect designed to showcase what horror can be. Also featuring: LEON CHAN, DANIEL WEATHERER, JASON NORTON, DANIEL DAVIS, DUSTIN GILLESPIE, SHENOA CARROLL-BRADD, BENNIE L. NEWSOME

Customer Reviews

With the advent of so many self publishing options, I generally try to avoid unknown publishers, or anything that feels "self published", simply because the lack of quality so strongly detracts from any real literary value. Daylight Dims doesn't suffer from that. It's a little publication that's been largely ambitious from the start, and it reflects in every aspect of the work. Each story was carefully selected, reviewed, and thoroughly edited by their team. Each author brings their own unique style and each story could easily stand on its own. Daylight Dims brings them together in a way that's enjoyable and makes sense. Looking forward to Daylight Dims # 2.

There were some excellent stand outs in this collection. Aric Sundquist, who I've never read before. "I plan on rectifying that." William Meikle, who always gets it right! Bennie L. Newsome, Ben Pienaars story Fair Trade and a few others whom I can't recall. There were a few stinkers, but overall, this was a fairly decent collection that I'd recommend. If you're looking for scary then there isn't much of that here, but good stories are plentiful.

This is a fantastic horror anthology. All 13 stories are exquisite. The book was not what I expected initially as I thought that it might be all vampire or werewolf tales. Not so! These are original stories from authors of the macabre. From dark fantasy and pure suspense to classic horror tales, it shows the extraordinary scope of fantastical fright fiction. The stories in this anthology are a tour de force of fear, which will haunt you, terrify you, and stay with you. I found myself thinking about the stories after I had read them. The tales are not what the average horror story that one reads in this type of anthology. At first when I started reading it, I thought to myself, this is horror? As I continue reading, I found it to be horror. This is a book to read slowly as I did so I could think about the tales. Reading them all at one time makes it too easy to forget the individual tales. I also discovered new authors that I will be reading. Read it! Note: I had contacted the publisher or the editor (too long ago for me to remember) about where was my book. They were having trouble getting the book published but they said I could have an ebook which I did take advantage of. I would have much preferred the book rather than ebook.

After reading Daylight Dims Vol. 2, I made it a priority to read Vol. 1 and let me say that I was equally impressed with both. These are some of the most creative and interesting horror tales I've read. I would definitely recommend this for anyone that enjoy reading horror that is looking for something new and refreshing.
