Savage Desire [Desire, Oklahoma: The Founding Fathers 3] (Siren Publishing Menage Everlasting)

Synopsis

[Siren Menage Everlasting: Erotic Western Menage a Quatre Romance, M/F/M/M, HEA] Raised in a bordello, Sarah Smith knew it was only a matter of time before she'd have to earn her keep on her back, the way her mother did, instead of doing the washing and cleaning. When one of the bordello's meanest customers - an outlaw - noticed her, she knew her time had run out. She rushed to pack her things, only to discover that she'd accidentally stolen the outlaw's gold. Running away, she finds herself on a train, headed for Desire, Oklahoma. Met by the tall, dark Indian, she finds herself drawn to him, and before she knew it, found herself married to him - and his two brothers. She knew, though, that Willy would come after her - and his gold. Realizing the danger she'd brought to her new home, she runs away, determined to keep her new husbands safe. But Hawke, Blade, and Phoenix Royal aren't intimidated by Willy, and will do anything to protect her. **
A Siren Erotic Romance

Customer Reviews

I've been waiting a very long time for this book. I really liked the Founding Fathers part of this series. It's great to see how Desire got it's start. I think the Royal brothers was the one book I was looking

for the most. It was great. Sarah was the perfect woman for them and there wasn't anything lacking in their story. I wanted more on the others though and wished a little less time was spent on the Royals moving into their house & getting comfortable with each other and more on Maggie and Savannah and their men. I know this wasn't their book, but a bit more about the babies and what they were doing would have been great. It didn't take anything away from the story- I just always want more. My only peeve with this book was all the editing errors and missing words. It's very distracting and the other books are not like this in the Desire, Ok series. Another review and editing would bring it up to par with the rest of the series. I was disappointed about that. As far as the storyline goes- it was great. I'm looking forward to the next one.

A wonderful historical that gives background to Leah Brooke's Desire, Oklahoma series. Addresses the problem of racial prejudice that has plagued our country for generations. Full of caring and authentic living that heals good people who unfortunately have been convinced that they aren't worthy of the love of another human being. Written by one of my favorite authors under another pen name but still that great writing style and the gift of a true story teller.

If this was a real town it would be fun to visit. I really like how Leah Brooke tells a story. I especially liked this trip back in time to the founding of the town. The heroine was definitely in need of saving and the Blade brothers were hot! Enjoy!

I read all of Leah Brooke's publications! I have been a huge fan for years and have read her writing as both Leah Brooke and Lana Dare and love both equally. I have read the ENTIRE Desire series; both the Founding Fathers configuration and the present day books. Can't wait for the next installment!!!!

Love the Desire Books. I keep rereading them they are that good. Another great addition to understanding how a place came to be that we all wish we could visit if not stay forever.

A great next book in the series. It was great to see Hawke fall in love. The desires that they found, the protection and the love. I can't wait for the next in this series.

Initially I didn't like the first two stories in the prequel series but from the first chapter I fell in love with this one and it didn't disappoint.

I liked the Desire, OK series so I decided to try the Founding Fathers spin-off. I'm not really into historical romances but this was ok.
