A Haunting

Synopsis

From the author of *Contagion: A Novel of The Living Dead* comes a new novel of dark horror. Fleeing a troubled past, Sarah Faust has found the perfect place to begin a new life. Tucked away on a charming side street and surrounded by lush grounds, the neglected three-hundred year old townhouse in the port city of Charleston offers a refuge and a place to start over. But all is not as it seems at 5 Rue Lane and she soon finds that her new house harbors something that has been there for a very long time. Something that refuses to stay buried. In *A Haunting*, Albemont brings us parallel tales of old and modern horror, weaving colonial era events into a modern ghost story you won't soon forget. Readers are saying: "I loved the story!! Charleston's rich and dark history along with a ghost story, romance down the road for the character Sarah... Will be looking forward to buy previous books from this author." "The twists and turns in this book are great. It's creepy and spine tingling! I love the ending and recommend it to anyone that enjoys a good suspense novel!" "Loved the book. The story line was A++. Hope there is more to come from this book. It needs a sequel."

Customer Reviews

I think the story is good. It has just enough creep to have you looking around and over your

shoulder when reading, but, not too much to make you afraid to get up and go to the bathroom in the middle of the night. The book is far from being all roses and sunshine and some bad things happen but it is not morbid, gory or depressing. As far as I could see there weren't any obvious grammar mistakes or repeat phrases. This might be an odd review but these are the kinds of things I look for and thought there may be like minds out there.

I've been searching for weeks to find a book in this genre that I wanted to read beyond the sample. I found it. Very well written! I had to make myself stop reading at 2:00 am last night and immediately started reading upon waking. I haven't finished the book yet, I stopped to write this review in the hopes the author would read it. I love your writing style and hope you will continue writing books of this kind. Haunted house books are my fav and it's difficult to make this interesting anymore. It's been done a lot :) I still never tire of these stories and you've done a great job here please continue. You've got a loyal fan. I highly recommend this book and this author. I feel confident you'll read past the sample :)

Don't read this alone because it is a great demon story and you might need backup. I'm always ed out by demons. The Exorcist scared me so bad when I was a teenager I couldn't sleep alone for years. This story brought all that fear back.

A Fast and Good Read....things that go bump in the night. Are they real? Are those who have gone before us.....still watching and helping us? Very good story line. Courage and caring are a big part of this heroine's story. Very good read.

I lived in the south in the 60's. We used to drive by all the abandoned civil war mansions, while imagining ghost stories about the houses. This book brings back all those memories. I do hope there are more ghost stories by this author. A great read.

A really wonderful Southern gothic scare. What a pleasure to read such a well crafted tale- "A Haunting" proves this author is not only a great horror writer, but a strong and unique storyteller. At it's end I found myself wishing it was much longer. Can't wait to see where she goes next...I would love to spend some more time in Charleston !

The story-line gradually built up and then the pace rapidly picked-up and the book ended 24 pages

later. It was all very abrupt as if the writer got tired of the story and decided to finish it off or had to meet a deadline. So many questions remain about the story. I was really getting into the storyline and then looked to see how much of the book I had left and I was like 40 pages from the end. I wondered how it could all get wrapped up so quickly. So it was really good up to the ending which was just a rapid fall off of a cliff.

This book has it all. The suspense, the thrill, ghost and paranormal events that are non stop. Along with old historic houses and a hint of romance- what else can I say!!! I just discovered this author but I definitely plan to look up more great reads from Albemont. :)
