## Customer Reviews

ARC provided by Give Me Books Event Bloggers for review When I first read Autumn Jones Lake's work last summer, I said I was ridiculously impressed with the story of the Lost Kings MC and its colorful band of characters and six books later I am STILL ridiculously impressed. Autumn Jones is thorough. I commend her in her ability to be very detail oriented in her story telling yet not boring the

begeesus out of the reader. I won't lie and say every second of her story is riveting and nail-biting, but it's all important and needs to be said. Because she doesn't just write about the MC members themselves, she also writes about the club. The story of the club is an outer arc she follows thru all her books, so they need to be thorough and detailed. She's also very good with the sexy sensual part of her story. She knows when to make it gritty and dirty but also loving and sensual when need be. The woman can draw you a picture with her words and make you feel like you're in the room! #TRUSTI've always been on #TeamHope and this book solidified the confidence I already had in her. She was definitely tested in this book. Her love not only for Rock, but also for the MC family. When you first meet Hope, she gives the impression that she might be meek and shy but you would be wrong. When the Lost Kings needed her to step up, she stepped up. Like I always knew she would. I am so ridiculously happy that Autumn chose to write Hope the way she did from the beginning to now. Her growth has been exponential, but her loyalty and trust has never wavered and never needed to grow. It was always there. The story-line in White Heat is shared between Hope & Rock and Trinity & Wrath, but the focus of the story is Hope & Rock and their wedding.

I have inhaled each and every book of Autumn Jones Lake's Lost King MC Series. I fell in love with Rock and Hope from day one. In fact, I cannot get enough of their story as they are one of my favorite MC couples. Their story has not been an easy one at times. In White Heat, Hope is busy planning her wedding to Rock with Trinity's help. As their wedding date is only months away, their world is turned completely upside down. Rock's freedom is suddenly taken away. This is a story of a woman standing by her man. Hope shows not only her love for Rock, but her complete faith and devotion to him as well. She is loyal to her man and the Lost Kings MC. During his absence, Wrath takes the reigns over LOKI. With the assistance of Z, Murphy, Teller and the other members, Hope's safety as well. Hope and Trinity continue to become close friends. We get to see more of Wrath and Trinity's beautiful love story. We get to visit with Heidi, Murphy and Axel. No telling which team I'm leaning towards! We see more of Z and Lilly. All Hope's friends make appearances as well. Hope finally confronts Sophie on a past indiscretion. We meet a new character too, Mariella. I'm hoping for a future love connection between she and Teller. Being the animal lover that I am, was thrilled to meet two four legged furbabies. Who betrayed Rock and the Lost Kings? What new alliances were made? Do Rock and Hope get their walk down the aisle? Who will be next to walk down the aisle? What's in store for LOKI? You need to read to find out! What I love about Autumn's writing is she truly grasps deep when writing. She just doesn't touch the surface of her characters, but writes all the way down to their souls. She paints such vivid descriptions of her characters. I truly feel Rock

and Hope's love lifting from the pages.
