THE DEEP HOLLOW

Synopsis

THE DEEP HOLLOW is an astonishing account of two twelve-year-old boys in their relentless pursuit of dinosaur fossils. A collection of earthly events such as rain deluges and sinkholes combined with man-made earthquakes caused by gas well fracking sent the boys on an unbelievable journey into the depths of the underworld. Deep in the earth's hollow, the boys discover another civilization, the EWP™s, that were similar to them but were denied the full evolutionary process. Using an unorthodox method of communicating, the boys somehow are able to garner enough trust of the Evolutionary Warp People for them to provide assistance in their effort to reach the surface. Their only way out is to tunnel upward to the top. But along the way they meet up with an assortment of menacing creatures that try their best to thwart the boys'™ goal.
