For The Record (The Record Series Book 3)

Synopsis

With Congressman Brady Maxwell up for reelection and journalist Liz Dougherty about to graduate into a promising career, the ambitious couple's future is brighter than ever. They share a passion for their work and for each other. But when Brady holds a press conference to officially introduce Liz as his girlfriend, reporters hungry for a scandal bombard her. Now, her every move is under a vicious magnifying glass, and her life feels like it's falling apart. On the road to reelection, the passionate bond between the congressman and the journalist gets tested at every stop. Threatened by shameless media sensationalism and jealous exes, Brady and Liz now have to learn to trust each other despite what they read in the papers. In the finale to USA Today bestselling author K.A. Linde's sexy Record trilogy, Liz and Brady may be setting off fireworks along the campaign trail, but can their love transcend politics as usual?

One word to describe this...ASTOUNDING! From the start to finish my heart was captured, I was made a big believer that LOVE CONQUERS all. It is a roller coaster ride of emotions that will keep you riveted from beginning to end. Self preservation, hardship, controversy and conflict of interest

and profession drove Brady and Liz apart. Despite all trials and heartache, this incredible duo fought against all odds and found their way back into each others arms, what follows is a love story that is poignant and romantic. Ms. Linde's talent and incredible story telling ability brought all her characters come to life. You can literally feel all their agonizing moments jump out of the pages and surround you. You'll experience such intense feelings--love, grief, joy, sadness, frustration...that when you're finished you'll feel like you've just stepped off an emotional ride of a lifetime. Each character have their own story to tell and I couldn't help but fall madly in love with every one of them. This is simply mesmerizing it was a struggle to give it up and say goodbye when the inevitable ending came. Ahh, my heart, my aching " wishes there's more of this beautiful enigmatic duo.

I LOVED this entire series!! I've said it my reviews of the other two books - Brady and Liz's story is so refreshingly different. It's beautiful and pure. Neither of them were "broken" characters - except when they were apart that is. The way Ms. Linde ended the series couldn't have been more perfect. I'm sad Brady and Liz's story is over but very excited to hear we'll possibly be getting Clay and Savannah's stories.

4 I'm Voting for Maxwell Stars! I was really surprised with For the Record. K.A. Linde is known for major angst books. I feel like I've been on this up and down roller coast from Off the Record, but For the Record is not filled with hair pulling out scenes. It's actually very adorable and will leave you smiling. I have some reservations with Brady, I guess I can't get over the whole hiding Liz and being away from her for a year kind of thing (even if it was Liz breaking up with him). I feel like For the Record was Brady's redeeming story. He had to step it up and prove to us he could be the book boyfriend I crave to read. I believe the goal was achieved. So, Liz and Brady are official and what are we to expect? Lots of drama, lots of things on Liz's part and lots of people trying to separate Liz and Brady. What I really loved about this one is that I felt like it was the couple against the world and for once they weren't working against each other. I love that Liz and Brady were a united front and I didn't have to cringe throughout the book. Liz is still insecure about the relationship because Brady put her on the back-burner for so long, she doesn't know what is genuine. I actually liked reading Liz's thoughts and I totally got her. I felt like she always wanted what was best for the relationship, but she was still trying to recover over the hurt. I also loved reading about the other characters. I want books on Brady's best friend, Brady's brother, maybe even Hayden, okay, not him, but you get the point. Linde created such strong side characters, she made me a fan. I just want more!! I love this series and I love the political theme.

This book was a fabulous conclusion to Liz and Brady's journey. I have really enjoyed reading all three of the books in this series. It is very sad that the series has come to an end. I think maybe Clay needs his own book....(hint, hint). I was very happy with the way this series ended. K.A. Linde books are all wonderful. The Record Series is a one that must be read by all! I highly recommend and very much enjoyed these books.

As much as I loved the ending to the record series I am sad to say goodbye to Liz and Brady. I enjoyed the last book as it was just about the two of them and how they work in their relationship and not fighting/breaking up with all of us waiting until they get back together. It was great to read a book just about the happy couple. I would have loved a fourth book on Brady though with his campaign to be the president. Well done and I can't wait to find out what is next for this amazing author

4.5 ⭐ for the whole series
4 ⭐ for On the Record: this book was a great start to the series. I really enjoy K.A. Linde's writing style. I was intrigued by the characters and the political scene. I also enjoyed the development of the relationship between reporter and politician.
3 ⭐ for Off the Record: I didn't love this book as much. I felt like I had to wait too long to see Liz and Brady. Having waited to read the series, I knew who Liz ended up with, so a good portion of the book left me disengaged. I lived for the Brady and Liz moments. I also didn't like how Hayden was portrayed. He was a such a good guy, and he is redeemed eventually, but it was hard to watch. The pay off of waiting was ultimately worth it.
4 ⭐ for For the Record: I thoroughly enjoyed this book. It was wonderful to see this couple come together and take on the challenges of the political field. Liz grew and become a character to respect. She matured and became an independent woman that refused to be hidden in the famous shadow of Brady. They do encounter several obstacles, but this only serves to show the strength and commitment of their relationship. The epilogue sealed the deal for me, and I hope we get to see Brady and Liz again in Clay's book.
So where did the .5 ⭐ come from?? The extra 1/2 point is for the writing style. While there are parts I felt like could have been condensed, the writing was flawless and well done. I have truly enjoyed everything I have read by this author, and I can't wait for Struck from the record.
